

SHRUBS

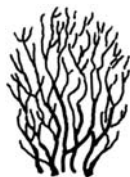

NEW VARIETIES FOR 2009

**AESCULUS PARVIFLORA**

Bottlebrush Buckeye
Few summer flowering shrubs rival this species. White blooms are held on 8-12" long panicles in June-July. Excellent plant for massing under shade trees or in shady areas.

**BERBERIS THUNBERGII 'MORETTI SELECT'**

First Editions™ Cabernet™ Barberr
Bailey Nurseries and First Editions, an extremely dense, compact form of B. 'Crimson Pygmy' which requires essentially no pruning. Bright crimson new growth is followed by rich burgundy to purple foliage.

**ARONIA MELANOCARPA 'MORTON'**

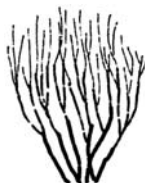

Iroquois Beauty™ Black Chokeberry
Selected at the Morton Arboretum for its compact habit, with 10-year-old plants reaching just 3' in height and 5' in width. Three-season interest begins with clusters of white flowers in spring, long lasting black berries in summer, followed by wine-red fall color.

**BUXUS SEMPERVIRENS 'VARDAR VALLEY'**

Vardar Valley Boxwood
Low-growing mounded form of Buxus for sun or partial shade. The bluish-green foliage and twisted branches give 'Vardar Valley' a distinctive appearance in the landscape. Great for hedges, formal gardens and topiary.

**BUXUS 'GREEN MOUNTAIN'**

Green Mountain Boxwood
Naturally cone-shaped if left unsheared, 'Green Mountain' is a relatively fast growing variety of Buxus. This is a smaller and in some locations better alternative to Dwarf Alberta Spruce.

**VIBURNUM OPULUS 'ROSEUM'**

Common Snowball Viburnum
A popular shrub. Large, double white flowers bloom profusely in April-May. Also known as Viburnum opulus 'Sterile'.

EVERGREENS

NEW VARIETIES FOR 2009

CHAMAECYPARIS NOOTKATENSIS 'PENDULA'

Pendula Nootka Falsecypress - Statuesque evergreen with a graceful, weeping, pyramidal form. Bluish-green foliage hangs like curtains from the branches. Just one tree will soften any landscape striking specimen plant.

CHAMAECYPARIS OBTUSA 'NANA GRACILIS'

Dwarf Gracilis Hinoki Falsecypress - One of the most popular dwarf conifers and with good reason. Forms a dense round shrub, becoming broader with age. Glossy dark green foliage is held in shell shaped sprays with silvery markings beneath.

CHAMAECYPARIS PISIFERA 'BABY BLUE'

Baby Blue Threadleaf Falsecypress - Low-maintenance, slow-growing accent plant for hedge, foundation or container. Silvery blue foliage is fine textured and forms a dense shrub. Attractive combined with other green or yellow conifers.

FRUITS

NEW VARIETIES FOR 2009

MALUS 'ROYAL GALA'

Royal Gala Apple - Great early season apple with crisp firm fruit. Fine-grained texture and excellent flavor makes a sweet snack fresh or baked.

PRUNUS 'FLAT TOP'

Flat Top Peach - Flat Top peaches are a variety of white peach, originally developed in Asia. They have large, showy, double pink, self-fertile flowers. The doughnut-shaped fruit is yellow with white flesh. Bears sweet, freestone fruits in July.

PRUNUS ARMENIACA 'PIONEER'

Pioneer Chinese Apricot - A late blooming apricot, ideal for higher elevations and climates prone to late spring frosts. Golden-yellow fruits have a reddish blush, and are sweet, firm and juicy. Trees bear young and heavily. Called a "sweet pit apricot" as its pit is edible and tastes of almond.

MALUS PUMILA 'FIERO' (PPI,193)

September Wonder® Fuji Apple - This sport of Red Fuji offers the same round, bright red, crisp, juicy fruit as its parent, plus a compact habit and earlier harvest time. September Wonder also boasts excellent storage ability.

VITIS 'DM-8131-1 CV' (PPAF)

Petite Ami™ Grape - This white wine grape makes an excellent, aromatic Muscat wine with just a hint of rose petal in the nose. A healthy vine with average productivity ripens with good sugar/acid levels. Cluster size increases with deeper more vigorous soils.

PERENNIALS

NEW VARIETIES FOR 2009

ATHYRIUM NIPONICUM 'PICTUM'

Japanese Painted Fern - A showy fern with fronds of soft metallic silver-gray and hints of red and blue. The magnificent texture and color electrify shady areas of the garden and make the fern a wonderful companion for a variety of shade-loving plants.

CHRYSANTHEMUM X HYBRIDUM '01-127-1' (PPAF)

Mammoth® Dark Pink Daisy - In late summer to fall, the bright flowers absolutely cover the dense foliage, forming a neat mound. Terrific for borders, edging, large containers and mass plantings.

AMSONIA 'BLUE ICE'

Blue Ice Bluestar - Flowers considerably longer than the species with 5 weeks or more of color. Considered to have the deepest blue blossoms of all currently known Bluestars, making it a superb addition to the spring border.

ROSES

NEW VARIETIES FOR 2009

ROSA 'BALRAGE' (PPAF)

Easy Elegance® All the Rage - A multi-colored spectacle with tight coral buds swirling open to apricot-colored blossoms with luminous yellow centers, blooming steadily all season so there will always be a range of colors to admire.

ROSA 'RADTKO' (PP16,202)

Double Knock Out® Rose - The same wonderful characteristics of its sister 'Knock Out' with twice as many petals. Cherry red blossoms attract attention all summer and give way to deep, purple fall foliage. Spent flowers drop cleanly.

ROSA 'BALNIAL'

Forty Heroes Rose - Forty Heroes sends up large clusters of deep yellow blossoms. Each flower opens to a beautifully symmetric, hybrid tea form, emanating a fresh, fruity fragrance.

ROSA 'BALGIRL' (PPAF)

Easy Elegance® My Girl - Adorable, round, deep pink buds are held in clusters of 5 to 30, opening to ruffly blossoms so full they almost hide the centers. Offers tremendous flower effect, like sunshine on a cloudy day.

ROSA 'WEKDOCPOT' (PPAF)

Dream Come True™ Rose - Catchy color blend, yellow with blushing touches of ruby-red. Lovely in the landscape and the vase. AARS winner 2008.

ROSA 'BALSUHE' (PPAF)

Easy Elegance® Super Hero - You don't have to be a Super Hero to grow great roses. Without super human effort you'll be able to enjoy gorgeous, hybrid tea-shaped blooms all season long. Clusters of perfect red blossoms stand out strongly against clean, medium to dark green, satiny foliage.

ROSA 'WEKCISBAKO' (PPAF)

Home Run™ Rose - Single blooms of rich deep red become even darker in cool climates. They begin flowering early and blossom for many weeks before taking a rest. The second show begins in late summer and lasts right up to the first hard frost, when orange-red hips begin to add their brightness.

ROSA 'SVEN'

Northern Accents™ Sven - Sven is as strong as he is good-looking. Versatile too, with a color range from violet to mauve to rich dark pink, blending beautifully with dark green foliage. Masses of blooms cover this compact, low-maintenance shrub, followed by a good showing of hips in the fall. And, donchaknow, it has the strongest fragrance of the whole darn bunch.

ROSA 'LENA'

Northern Accents™ Lena - Oh jeez, ya never saw anything so pretty. Lena's frilly pink and white flowers just keep on blooming. Masses of them are held above the bright green, disease resistant foliage.

ROSA 'JACFRAIN' (PPAF)

Mardi Gras™ Rose - Beautiful, bright color combination. Fantastic flower effect and plant vigor. Easy to grow and disease resistant. AARS Winner 2008.

ROSA 'OLE'

Northern Accents™ Ole - Ole can never make up his mind, "Am I pink or am I white" You won't care when you see the masses of flowers cover this neat, compact shrub. Cheery blossoms, super hardy, low-maintenance and the disease resistance is "above average". Oo Ha!

NEW VARIETIES FOR 2009

ACER PALMATUM 'BLOODGOOD'

Bloodgood Japanese Maple
Highly prized for its artistic branching and decorative red foliage. Ideal for residential landscapes, this versatile species can be used as an accent, specimen, shrub border or bonsai. Zone 5-8.

ACER PALMATUM VAR. DISSECTUM 'VIRIDIS'

Cutleaf Japanese Maple
Striking delicate green form, coloring to yellow and shades of orange in the autumn. Small reddish flowers in spring give way to greenish samaras that ripen in late summer. Zone 5-8.

BETULA X 'ROYAL FROST'

Royal Frost® Birch
This Birch has the best from both of its parents. From 'Whitespire' it inherited beautiful white bark and resistance to the Bronze Birch Borer. From 'Crimson Frost' comes burgundy-red foliage.

ACER PALMATUM VAR. DISSECTUM 'CRIMSON QUEEN'

Crimson Queen Japanese Cut Leaf Maple
Truly outstanding in foliage and form. Young leaves are finely cut, of the darkest, purple red, and maintain that color throughout the summer. Autumn brings good, clear reddish purple foliage color. Zone 5-8.

ACER RUBRUM 'BRANDYWINE'

Brandywine Maple
Only sterile flowers are produced in spring, thus no fruit or undesirable messy seedlings. The long lasting fall color gradually turns from red to brilliant reddish purple.

EUONYMUS ALATUS

Winged Burning Bush Tree
For those garden situations where you want a small tree with nice fall color. This trained Burning Bush in tree form flowers in May and June and the typical winged corky bark, tolerates full sun to shade.
